

Sheffield Fire Office, George Street, Sheffield, Dec., 1856

SHEFFIELD FIRE OFFICE ESTABLISHED AD 1808

The Directors of the SHEFFIELD FIRE OFFICE beg to call the attention of their Shareholders and Townsmen, and the Inhabitants of this Neighbourhood generally, to the Special Claims which they conceive this long-established Loan Office has for their patronage and support.

It was the first Office in the Town of Sheffield.

It has been in active operation for nearly Half a Century. The Shareholders are principally Inhabitants of the Town and Neighbourhood of Sheffield.

The Directors are all resident in or near the Town, which greatly conduces to a prompt and liberal adjustment of all Claims that may arise.

No expense attends to the Transfer of Policies from other Offices, and all alterations are made Free from Charge.

From the extent and character of the Company's Business, it is enabled to effect Insurance Rates as low as those of any substantial and safely-conducted Office; and parties Insuring in it possess the advantages of having, FREE OF ALL CHARGE, the use of the Company's powerful and efficient ENGINES, whenever required.

Any information as to the Company's Rates and Particulars of Insurance, or otherwise, will be gladly afforded on application, either by letter or personally, to MR. CHARLES ESAM, the Company's Secretary.

Sheffield Fire Office, George Street, Sheffield, Dec., 1856.
