

Supposed Incendiarism in Sheffield

Tuesday afternoon a fire was discovered in the cellar of the house, No 8, 10 Court, Garden-street. The Fire Brigade was sent for, and the flames were soon extinguished by Mr. Pound and several of his men, by means of a hand pump.

Nothing is known for certain as to the origin of the fire, but it is supposed that someone entered the cellar, and wilfully set fire to a quantity, of straw, thus endangering the safety of the building.
