

## Slight Fire at Attercliffe

Last night a fire took place on the premises of Mr. R. Grasby, hay and straw dealer, Clay street, Attercliffe. On the occurrence being reported to the police several officers connected with the Attercliffe Division proceeded to the place with the hand pump. The Fire Brigade was in the meantime summoned, but before Sergeant Crawford and his men arrived with the tender all danger was fortunately at an end. Steps were, however, taken to prevent a second outbreak. A quantity of hay and straw was destroyed, and the property is somewhat damaged. The loss is covered by insurance.
